

OXY WATER MAGNETIZER

21st Century Science
Tackles Your Hard Water Predicament

READING AND USING THIS WILL REDUCE YOUR ELECTRICITY AND WATER BILLS.

OXY Water Softener and Descaler

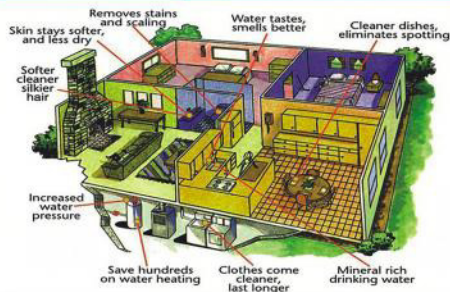

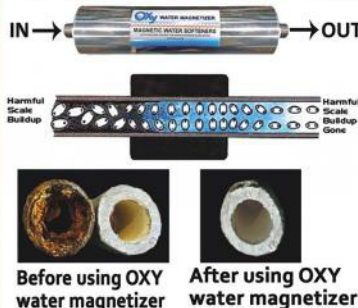

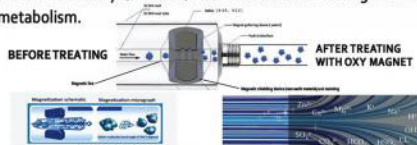

USES OF OXY WATER MAGNETIZER

- ➔ Turns hard water into soft water, dilutes heavy metals & salts
- ➔ Increases the flow of water
- ➔ Healthy drinking water
- ➔ Improve water quality with better electrons
- ➔ Non-toxic mineral scale prevention and scale removal
- ➔ Improves soil health for agriculture and gardens
- ➔ Reduce fertilizer usage, increased the yields
- ➔ Healthy poultry and livestock
- ➔ Boost plant growth vigorously
- ➔ Saves skin health

HOW IT SOFTENS WATER ?

Water flow through a strong magnetic field, magnetic field of macromolecular group (H₂O) N is divided into bimolecular (H₂O)₂ or single molecule H₂O; magnetic energy can activate water molecules, the water molecules turn into small molecules and became magnetized water. This increase solubility, reduce surface tension, and make the water more easily go through the cell membrane and get involved in metabolism.

BENEFITS OF OXY MAGNETIC WATER SOFTENER IN RESIDENTS AND HOME

- ➔ Softens water without adding salts with zero electricity or maintenance
- ➔ Reduces and reverses scale buildup in appliances & pipes
- ➔ Softer water requires less detergent and chemicals
- ➔ Healthier water for drinking, cooking and bathing
- ➔ Less residue in showers, toilets and sinks
- ➔ Happier house plants and cut flowers
- ➔ Reduces chlorine and pathogens
- ➔ Extend lifespan of appliances
- ➔ Better water pressure
- ➔ Reduce maintenance

DRINK MORE HEALTHIER WATER THAN BEFORE !!!!

Maximize the power of your drinking water by invigorating electrons and increasing bioavailability

➔ For better health, hydration is key. Water treated with OXY WATER MAGNETIZER maximizes hydration and cellular metabolism. Cellular metabolism is the sum total of all biochemical reactions taking place within a cell. It is the most fundamental level where the dynamic properties of life begin to appear. All processes that occur within individual organisms can be traced to the pathways of cellular metabolism. How do you support this dynamic, baseline state of your body's optimal health? Improve your water quality! Not only will you improve the hydration of all your body's cells, organs and systems, you also experience toxin removal at an accelerated rate.

BETTER ELECTRONS AND POLARIZED SALTS

Make every drop count with soft, vibrant and productive water.

The quality of the water you use is critical to getting the results you want. Improve quality of water with better electrons and polarized salts. Oxy's water magnetizer breakthrough water softening treatment technology replaces outdated methods of using chemicals to solve hard water issues by transforming hard, saline and previously unusable water to high-quality, soft and productive water with physics.

HOW IT INCREASES THE FLOW OF WATER???

- ➔ Increased flow with less pressure of input water :
- ➔ 12.5% to 16.9% pumping energy savings
- ➔ Reduced viscosity and friction with zero chemicals
- ➔ Increased permeability for well drilling
- ➔ Farther throw distance
- ➔ Improved water flow
- ➔ Reduced chemicals

FOR BETTER SOIL, GARDEN AND FOR PLANTS

Reduce water and energy consumption by 20%, increase water flow and pressure, improve plant uniformity and color, prevent and reverse mineral scale buildup.

The quality of the water you use is critical to getting the results you want. Productive water has better electrons and polarized salts. OXY'S breakthrough water softening treatment technology replaces outdated methods of using chemicals to solve hard water issues by transforming hard, saline and previously unusable water to high-quality, soft and productive water with physics, not chemicals. OXY'S innovative water treatment is a passive, inline system installed at the pump, sprinkler head or hose and treats water without energy or chemicals. Powerful and effective, an environmentally sound solution for short and long-term care cutting down water use and chemicals for a healthier and more beautiful landscape.

WHICH PLACES IT CAN BE USED???

- ➔ Residential
- ➔ Industrial
- ➔ Landscape
- ➔ Wellness
- ➔ Agriculture
- ➔ Aquaculture
- ➔ Turfgrass
- ➔ Swimming pools

BENEFITS OF OXY WATER MAGNETIZER IN LANDSCAPE

- ➔ Reduce water consumption by 20%
- ➔ Improves soil penetration and moisture retention for healthy soil
- ➔ Increases plant vigor and disease resistance
- ➔ Better quality home-grown produce
- ➔ Reduces fertilizer and pesticides
- ➔ Increases turf uniformity
- ➔ Balances soil PH
- ➔ Can be used for SWIMMING POOLS, FISHPOND, AQUAPONICS, HYDROPONICS and WATER BODIES.

REASONS TO USE OXY WATER MAGNETIZER

- ➔ DOES NOT POLLUTE ENVIRONMENT.
- ➔ DOES NOT USE ELECTRICITY.
- ➔ ENCLOSED WITH A SAFE MATERIAL SO THAT IT DOES NOT AFFECT ANY ELECTRICAL DEVICE.
- ➔ SAVES YOUR ELECTRICITY BILLS.
- ➔ COST AND HASSLE FREE SOLUTION.
- ➔ EASY TO INSTALL-DIY SOLUTION.
- ➔ DON'T HAVE TO WORRY INSTALL IT AND FORGET.
- ➔ MADE UP OF BEST QUALITY MATERIAL AND NEODYMIUM MAGNETS.
- ➔ CAN BE USED ANYWHERE.
- ➔ IT CAN BE USED ON ANY TYPES OF PIPE.
- ➔ DOES NOT NEED MUCH SPACE.
- ➔ IT SAVES MANY OF YOUR MONEY AND THERE ARE MUCH
- ➔ MORE REASONS TO USE OXY WATER MAGNETIZER.

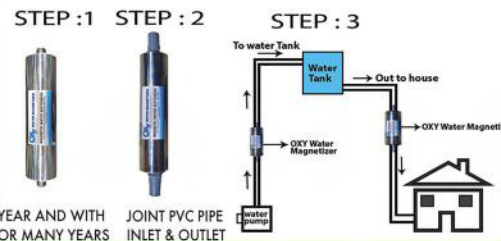

BETTER THAN SALT WATER SOFTENERS. BUT HOW ???

Benefits	MAGNETIZER	SALT
Produces Softened Water Effect	Yes	Yes
Self energizing chemical free	Yes	No
Retains healthy minerals	Yes	No
Reduces green stains and copper leaching	Yes	No
Dissolves existing lime and mineral build up	Yes	No
Do-it-yourself installation	Yes	No
Yearly maintenance cost (family of four)	None	\$300
Lifetime warranty	Yes	No

HOW TO INSTALL THE OXY MAGNETIC WATER SOFTENER???

DO IT IN 3 EASY STEPS
WARRANTY IS FOR ONE YEAR AND WITH GREAT CARE WILL LAST FOR MANY YEARS

OXY Water Magnetizer Available in different sizes as requirements.

Your Dealer :

Manufactured and Marketed by :
Oxy POOLS
NO.23, Natarajan Nagar,
Madhavaram, Chennai - 600060.
